Professional Summary

Frontend Developer with 4 years of experience building SaaS platforms, enterprise dashboards, and scalable web applications using React, Next.js, and TypeScript. Experienced in multi-tenant systems, RBAC, authentication workflows, and reusable frontend architecture for business applications.

Professional Experience

Frontend Developer — [ComplyMarket](#)

Jun 2025 – Present

- Developed enterprise SaaS platform with approximately 20 business modules serving corporate clients.
- Built scalable admin interfaces for system configuration, company setup, and operational workflows.
- Implemented role-based access control (RBAC) and permissions across multiple modules.
- Designed dynamic forms and configuration-driven interfaces based on business rules and user roles.
- Built a reusable UI component architecture, reducing code duplication by 30% and accelerating feature delivery across 20+ modules.

Freelance Web Developer — [Vive Healthy Snacks](#)

April 2026 – Present

- Architected a full-stack e-commerce web application using Next.js (App Router) and Prisma ORM, implementing relational PostgreSQL database models.
- Built custom UI, responsive pages, and product management workflows.
- Managed product data, content operations, and application structure end-to-end.

Frontend Developer — [Smartivemedia](#)

Mar 2023 – May 2025

- Built multi-tenant SaaS dashboard supporting merchant operations and custom subdomains.
- Engineered secure authentication & OTP verification flows, improving user onboarding efficiency and session security.
- Implemented product management modules for simple, configurable, and food products.
- Built configurable attributes system supporting product variations and dynamic options.
- Integrated frontend architecture with REST APIs and business workflows.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3.
- **Frameworks & Libraries:** React.js, Next.js, Redux Toolkit, Context API, **React Query (TanStack Query)**
- **Styling & UI:** Tailwind CSS, Sass, CSS-in-JS, Responsive Design.
